

HEALTH, SAFETY & ENVIRONMENTAL POLICY

Environmental Policy & Statement of Intent

The Aspire Electrical Ltd 'Integrated Management System' applies to the design, installation, maintenance, inspection and testing of electrical systems and infrastructure, including all associated support processes managed out of the Newton Abbot head office.

Aspire Electrical considers environmental management to be of prime importance and is fully committed to fulfilling all environmental responsibilities as well as continuous improvement of environmental performance. As such Aspire Electrical will work with clients, contractors, suppliers and the workforce towards achieving this goal.

The objective of this policy is to support and enhance environmental performance throughout Aspire Electrical.

All persons conducting activities under the name of Aspire Electrical will adhere to this Environmental Policy.

It is the Policy of the Company to:

- Identify and manage environmental aspects and impacts;
- Understand and comply with all legal requirements, codes of practice, regulations and compliance obligations;
- Organise operations in order to prevent pollution and disturbance to neighbours and the general public;
- Use strategic objectives to drive and promote continuous improvement of the environmental management system
- Provide assistance, supervision, training and information that may be necessary to personnel at all levels;
- Use materials and resources with regard to long-term sustainability;
- Employ a consistent framework for the management of environmental issues across all its operations;
- Audit environmental performance to ensure delivery of this policy statement;
- Minimise waste through the application of the 'Waste Hierarchy' wherever possible;
- Ensure proportionate and effective preparation and response to foreseeable emergencies.
